Professional Summary

Information Technology undergraduate with strong foundations in data structures, algorithms and full-stack web development. Enjoys building fast, reliable software and learning new tools.

Education

Example College of Engineering, Chennai	2024 – 2028
B.Tech in Information Technology	CGPA: 9.12
Coursework: Data Structures, OOP, DBMS, Operating Systems, Computer Networks	
Example Online Degree Programme	Ongoing
B.S. in Programming and Data Science	Diploma in Programming — CGPA: 8.8
Example Junior College, Bengaluru	2024
Class XII (PUC) – 97.1%	

Projects

InkTrace – Handwriting Coach for Children *February 2026*

Tech Stack: Python, Flask, JavaScript, NumPy, ESP32

- Built an IoT pen using an ESP32 that streams motion-sensor data to a laptop over Wi-Fi.
- Recognised handwritten letters with Dynamic Time Warping and k-nearest neighbours at 91% accuracy on 2,400 samples.
- Developed a **Flask backend** and web dashboard showing real-time predictions to teachers.

QuickNote – Collaborative Markdown Editor *May 2026*

Tech Stack: C++, Crow, React, WebSockets

- Built a web text editor with a C++ backend and React frontend supporting live collaboration for 10 users.
- Implemented autocomplete with a Trie ranked by a max-heap, returning suggestions in under 5 ms.
- Added undo/redo using two stacks and a REST API for saving documents.

Pantry Pal – Meal Planner *October 2025*

Tech Stack: Node.js, Express, PostgreSQL, Vercel

- Built and deployed a recipe search app with prefix search, cuisine filters and saved recipes.
- Designed the PostgreSQL schema and an admin dashboard for moderating 300+ community recipes.

Technical Skills

Languages: C, C++, Java, Python

Web: HTML, CSS, JavaScript, React

Database: PostgreSQL

Tools: Git, GitHub, NumPy, Pandas

Experience

Example Tech Academy – Virtual Internship, AI Agents *June 2026 – Present*

- Building an AI agent that shortlists internship postings and drafts application notes, as part of an 8-week programme.
- Attend weekly instructor-led sessions on LLM tooling and evaluation.

Certifications & Achievements

- Solved 250+ data structures and algorithms problems on LeetCode and HackerRank.
- Completed a cloud engineering certificate on an online learning platform.
- Secured 2nd place at a national engineering design fair (2026) for InkTrace.

Leadership & Extracurricular

- Deputy Head, Competitive Programming Wing of the college computer society; run monthly contests for juniors.
- Grade 7 certificate in classical guitar; teach beginners on weekends.
